2. Goals and Accomplishments (completed by the student)

List your major accomplishments for the evaluation period:

- Became a doctoral candidate (D1-D3 forms)
- Contributed to a successful Mechanical Design Review
- Continued preparations for Summer 2013 data collection
- Applied for a fellowship
- Assisted in mentoring undergraduate researchers

Identify performance goals you would like to achieve prior to your next evaluation:

- Pass the Electrical Design Review
- Complete noise testing for instrument
- Install instrument in Summer 2013
- Successfully take data in Summer 2013

Identify specific goals/topics you would like to discuss during your evaluation:

I want to make sure my performance goals and those of my advisor and dissertation committee do not conflict.

3. Performance Summary and Future Goals (completed by the major professor and committee*)

Student's Performance Summary and Recommendations (This section is for the major professor/committee to make comments relevant to the student's evaluation).

Ramona has consistently good performance, now she needs to focus on accomplishing her new goals during this critical phase before her data collection.

Identify SMART (Specific, Measurable, Agreed-upon, Results-focused and Timed) goals for student to achieve during the next evaluation period.

SMART goals:

- Complete Spring noise testing at MAST 03/2013
- Complete Spring Electrical Design Review before 05/2013; ensure that it is a successful review
- Complete installation of instrument at MAST 07/2013
- Complete Summer data collection at MAST 07/2013

Student comments (This section is for the student to provide any additional comments following the evaluation meeting.)

I agree with the recommendations and goals from my advisor and Dissertation Committee Members.

* Note: For students who do not have an approved D-1 form on file with UGS, only the graduate program director's or designated advisor's evaluation and signature are required.
